GHIN Posting and Handicap

GHIN Posting

Golf Genius will post the rounds played during league play on Wednesday. Golfers are responsible to post all other scores.

Handicap

Club members shall be limited to a maximum handicap index of 54. All members must have an established handicap in order to play in the weekly competitions.

New Members without a Handicap

All new members without a USGA handicap will need to have played and posted either 3 rounds of 18 or 6 rounds of 9 to establish a USGA handicap. The Handicap Chairperson will help the new member if needed to post their scores.

MAXIMUM SCORE PER HOLE For Handicap Posting Purposes

Net Double Bogey	A player's maximum hole score for handicap posting purposes, ensuring bad holes don't impact a player's handicap too severely.
-------------------------	---

Net double bogey	=	Par	+	2	+/-	Handicap strokes for a given hole
------------------------	---	-----	---	---	-----	--------------------------------------

When posting your scores, the computer will automatically calculate your adjusted score based on the maximum net double bogey score, if you enter your score hole by hole. Therefore, it is recommended that you post your gross score hole by hole on the course computer, online, or using a mobile app. Let the system do the calculations for you.

If you choose to calculate it yourself, you must calculate how many handicap strokes you get per hole. Use the hole handicap rating that is on the card to determine the distribution of your handicap.

Sample Score Cards – For manually adjusting your score

Hole	1	2	3	4	5	6	7	8	9
Par	4	5	3	4	5	3	4	4	4
HC *	11	9	5	3	7	17	13	15	1

HCS *
Score	5	7	6	8	6	9	6	6	12
Adj. Score	n/c	n/c	n/c	n/c	n/c	7	n/c	n/c	8

*HC = Course Handicap for that hole

*HCS = Handicap strokes for a given hole also called dots

The sample above is at Druids Glen Golf Course with a handicap of 22. The term “Net Double Bogey” means the maximum amount you can score on a hole.

Posting on the USGA GHIN system is much easier when you just post your gross score hole by hole and the computer adjusts for you. Please remember that each course has a different rating so posting manually is going to be different for every course as well as your handicap.

The sample below is for a handicap of 37 at Druids Golf Course

Hole	1	2	3	4	5	6	7	8	9
Par	4	5	3	4	5	3	4	4	4
HC *	11	9	5	3	7	17	13	15	1

Adj. Score	n/c	n/c	n/c	n/c	n/c	8	n/c	n/c	9

Handicap Strokes i.e. dots: To figure out your handicap strokes for Druids Golf course, you look up your handicap for Druids Golf course. Say it is 22, then you get 22 for all of your strokes i.e. dots to put on your card. You then put the strokes/dots starting with the number one (1) hardest hole (#9) which is designated by the number under handicap on your card. Since there is only 18 holes you put a stroke or dot on every hole. Then for the remaining 4 strokes/dots you go back to the number one (1) hardest hole and put a dot there then to the 2nd handicap hole (#15) then 3 then 4 to complete your 22 strokes.

Tee Time: Please arrive 30 minutes before the first **scheduled** tee time (9:30 am) as we often have small groups and go out ahead of our scheduled tee times.

Competition cards: Must be filled out, signed, attested and turned in that day. Payouts will be made before the next Wednesday along with an email to all members of the results.

Payouts: (Book money) Payouts for the Wednesday Weekly Competitions will be posted weekly and before the next Wednesday. "Payouts" are paid as book money, i.e. credit money on the books for the Pro-Shop only.

The Maximum number of places paid will be four (4) per flight. The results will be emailed to all club members. Weekly payouts are based on the number of players that day and a calculation of percentages.

Tied Score: In the case of ties, money for places involved will be totaled, and divided by the number of places tied.

Picking up the ball: You may pick up your ball under the standing rule "**Preferred Lie**" to lift and clean your ball otherwise you may **NOT** pick up your ball at any time unless it does not affect your score on any hole for the competition that day otherwise you will be disqualified from the competition that day. For pace of play, you may pick up your ball if it **does not affect the competition** that day and you have reached the maximum score on that hole.

Club Championship Tournament

The Club Championship Tournament is a two (2) day tournament. Competition days are subject to change by the Committee due to course conditions, conflicts or for any unforeseen circumstances.

Number of Flights: Will be decided by the Captain and Co-Captain and based on the number of players. The lineup for the first day in each flight is by lowest handicap, on the second day by the lowest gross scored on first day of competition.

Handicap: The handicap used will be the same for both days.

Eligibility: only paid-up members are eligible to play in the tournament. A member must have played at least five (5) Weekly Competitions during the current year. All players must complete both rounds to be eligible for payout.

Picking up the ball: All balls MUST be holed out.

Payouts: Payout for the club championship will be determined by the Tournament Chair, Captain and Co-Captain prior to the tournament and communicated to membership.

Each flight will pay two places. 1st Place Lowest Gross and 1st Place Lowest net, combined totals for both days. If there are enough players and it is approved by the Committee there will be an added place of 2nd Lowest net and will be added to the flights.

KP/ Closest to the pin: The Committee will determine if there are enough funds to offer a KP each day of the Tournament. Closest to the pin is when you hit your first tee shot and the ball stays on the green.

Tied Score: If there is a tie for the Club Champion there will be a playoff starting on hole #9.

If there are tied scores in the flights the money for places involved will be totaled, and divided by the number of places tied.
